

Meet the Team

Meet...

Dave Harvey

Dave is a retired Rolls Royce aero-engineer. He's been with DBB since 2015 and joined the committee soon after.

Dave is a relative newcomer to motorcycling but soon passed both his IAM and RoSPA advanced award. Having owned a variety of bikes, from BMW and Triumph, he also has a classic MG Spitfire which he completely rebuilt.

Dave helps to coordinate the events and talks programme and gives many talks himself. Dave is also the go-to problem solver of the group.
