

Meet the Team

Meet...

Ian Whitty from Derby

Ian, a project engineer at Rolls Royce, has been with DBB since 2015 and is also a committee member.

He is a passionate Honda owner and acquiring a 'vintage' Fireblade fulfilled a long-held ambition. However, his wife Emma, also a DBB volunteer, enjoys pillion rides, so a BMW R1200RT-LC also occupies garage space.

Ian is both an IAM and RoSPA active member.
